MY OBJECTIVE

I'm looking for a warm and dynamic company that invests in its employees, with managers that know how to be real leaders, that listen to their team and don't take credit for other people's efforts, and with hard working colleagues that support and help each other. I wish to be loyal to a company that is in turn loyal to me. Sounds incredible, but I'm not looking for 100 companies like this, but just for one.
